

DA Hearing On Sugar Labor-Price

USDA announced a public hearing on fair price for 1964 Florida sugarcane crop and on whether wage determination applicable to fieldworkers which became effective November 13, 1963 — should be continued or amended.

The hearing will be held on May 15, in the auditorium of the Palm Beach County Glades Office Building, Belle Glade, Florida, beginning at 10 A. M.

To qualify for payments under Sugar Act of 1949, as amended, producers must pay all persons employed in producing, cultivating, or harvesting sugarcane, wages rates not less than those determined fair and reasonable by the Secretary of Agriculture after public hearing and investigation. Producers who process sugarcane grown by others must pay prices for it also determined fair and reasonable by the Secretary.

To obtain best possible information, USDA requests that interested persons appear at the hearing to present views and pertinent data. The notice specifically requests interested parties to present testimony and recommendations regarding (1) methods of determining deductions for trash delivered with sugarcane; and (2) any changes in the calculation of season's average price for sugar and net sales price of molasses used as basis of settlements with producers for sugarcane.

"We urge you to attend and take part in the discussion of the materials," says County Agent John Causey.

Mrs. Nash Says:

Adjustments In Parcel Post Service Will Not Seriously Affect Residents

The vast majority of the residents of Belle Glade will not be affected by the recently announced adjustments in parcel post and postoffice window services.

Mrs. Nash explained her statement was prompted by some misunderstanding about the scope of these changes.

Recapping the local situation, the Belle Glade Postmaster pointed to these facts: "At no window services will be consolidated to one window, all essential services will be provided at this one window, with the exception of money orders, postal savings, filling of meters, and receiving of complaints. If business hours in particular will avail themselves of these services during the week, there should be little or no inconvenience involved. In the past a large percentage of our Saturday business is concerned with registering of mail, delivering COD packages, and selling money orders and stamps to the off shore laborers, however a large percentage of these laborers are gone for the season, and the vast

Mrs. Little, a native of Geneva, Alabama, has been a Glades resident since 1951, when her family moved here from Lake Worth.

As Chief Clerk to the Local Board of Selective Service, for some two years, Mrs. Little found constant outlet for her Service above Self philosophy.

As a homemaker for her husband and her son, John, as well as her continuous service in the public and business world, Mrs. Little found time to participate in the work of her church affiliation, the First Baptist of Belle Glade.

Mrs. Little is survived by her husband Jack and son, John, her mother Mrs. Ellen Lee Shaw of West Palm Beach, two brothers, Mercer Shaw of Oklahoma City, Lawton Shaw of Winter Garden, Fla.; three sisters, Mrs. Grace Barnes, Geneva, Ala.; Mrs. Annie Laurie Kelly, Lake Worth, Fla.; and Mrs. Fannie Lee Driggers of Miami Fla.

Cattle Prices Holding Good

R. D. Cooper, mgr. of Glades Livestock Market says "With all of the talk about the decline in prices on cattle, the prices are holding up good here at the Glades Livestock Market. We have plenty of buying power for all classes. We are here to serve you this best we know how."

It didn't appear that cattle-men and like groups got far this week in convincing Tariff Commission that beef imports have been a major cause of the decline in cattle prices. Hearings were held before all 7 Commissioners. Report is to be made to Senate Finance Committee.

The hearings are furnishing a sounding board for cattle industry spokesmen to proclaim their grievances against Administration handling of beef importation, what a fix cattle-men are in, and how large imports have filled their corral of losses to over \$1 million. 307 Cattle, \$22,782.11, 52 percent to Slaughter 48 percent to Stockers Slaughter: Steers 4, Heifers 2, Cows 70, Bulls 12, Calves 35, Weaners 18. New Hospital Benefit Dance Enjoyed By Over 200 Couples

With a May Day theme, approximately 100 couples danced to the excellent music of Neil Smith and his band, and dined through the catering service of Mrs. Evie Dunlap, Saturday night, May 2nd — for the benefit of the New Belle Glade Hospital building.

The decorators for this ball placed a twenty foot flower-covered Maypole in the center of the room. Potted streamers extended to the walls. Flower-covered arches complete with green and white wrought iron furniture made the entrance to this extravaganza of flowers and food.

Wee Care Needs Operation Funds

Mrs. Roy W. Brown, Chairman of a drive for funds with which to liquidate obligations for the operation of the Wee Care Nursery, is asking the public for financial support.

Mrs. Brown says: "In the original drive for the building and one year's operating capital, the goal of \$70,000 was not reached, but the amount collected and pledged encouraged the building to complete the building."

"Among the donations there were thousands of dollars of volunteer labor by negro craftsmen of Belle Glade which allowed the completion of the building."

"With a registration of well over 100, the average daily attendance runs about 80 to 85. The fee of \$2.00 per child per day has been set but the purpose of the Nursery is to meet a need, with self-supporting mothers given the preference. Many cases are not able to meet the full fee, as the total income of the family and it's needs for necessities is a consideration in determining the fee."

"The outstanding cooperation of the citizens of the community has enabled the Committee to bring the operation this far, but it is necessary to raise funds for this worthy project to the extent of \$12,000 now."

"The Salvation Army is operating the Nursery, with Major Otis Street in charge and Ruby Rutledge as Director of the Nursery, assuring efficiency and economy."

"Contributions are to be made payable to Wee Care Day Center and mailed to Russell Tucker, Treasurer, to insure tax allowance. Monthly or quarterly remittances are acceptable."

"A Thought From The Bible"

BIBLE READING PRAYER IN PUBLIC SCHOOLS

By Lewis Llewellyn

"Train up a child in the way he should go, and when he is old he will not depart from it."

Should the Bible be read in the public schools of our land? Many parents believe that it should. The Supreme Court of the United States has ruled that voluntary Bible reading in schools is constitutional and may be continued.

However, the federal Supreme Court has ruled adversely in two similar cases and the Florida case is up for review by the nation's highest court.

Differences of interpretation of the meaning of the first amendment are at the root of the divergence of opinion on this subject.

To clarify the situation, a new amendment has been proposed which would specifically state that voluntary Bible reading and prayer in public schools are permitted.

Hearings are now being held in Washington on this amendment to the constitution. Many congressmen have testified in favor of it. A few church leaders have testified against it. More testimony will be heard on both sides before the issue is decided.

Perhaps the testimony of some of the great men of the past about the Bible itself would be of interest in this connection.

Isaac Greeley said, "It is impossible to enslave mentally or socially a Bible-reading people. The principles of the Bible are the ground-work of human freedom."

Patrick Henry said, "The Bible is worth all other books which have ever been printed."

Andrew Jackson declared, "That book, sir, is the rock on which our republic rests."

Tennyson said, "Bible reading is an education in itself."

Gladstone stated, "I have known 96 of the world's great men in my time, and of these

87 were followers of the Bible"

One of the psalmists said, "Thy word is a lamp unto my feet and a light unto my path."

Thy word have I hid in my heart, that I might not sin against Thee."

Solomon advised, "Remember now Thy Creator in the days of Thy youth."

There are those who say that the Bible should be read in our homes but not in the public schools. What do you think? Do you favor the proposed constitutional amendment? Or do you agree with the decisions of the Supreme Court of the United States, in the cases already ruled on, that the Bible and prayer should be left out of the classroom?

You may write to Mr. Llewellyn, in care of this newspaper, giving your opinion on this timely subject. He will be glad to know what you think. If you would like a reply to your letter, please enclose a stamped, self-addressed envelope.

The annual First Communion Celebration is slated for the 10:00 A. M. Mass on Mothers' Day, May 10, at St. Philip Benizi Catholic Church.

Altar Society Officers

Installation May 12

After the regular monthly meeting of the Altar Society which is scheduled to start at 7:30 p. m. in St. Philip Church Library, the officers for the ensuing year will be installed by Father Francis X. Fenech at the 8:00 P. M. Mass on Tuesday, May 12.

Since it is the wish of the pastor that the members of this society try to imitate the virtues of the Mother of Christ, the statue of Blessed Virgin at St. Philip's Church will be decorated with flowers and illuminated for the occasion.

Sacramental Benediction will conclude the Church Service. The reception in St. Philip Benizi Hall will be in honor of the outgoing and new officers.

Air-Condition Unit To Be Installed

In South Bay Church

The First Baptist Church of South Bay has received some \$1400.00 this past week in their Air Conditioning Fund to give a total of \$3400.00 with only \$250.00 needed to complete the full price of air conditioning for the Lauren Sanctuary.

The church voted in Business Conference on Sunday evening at the close of the evening Worship Hour to give the bid received from Boe's of Pahokee the OK to begin installation immediately. The church also voted to raise the balance of \$350 within the next two weeks.

All members of the church and friends are encouraged to help the church reach this final amount immediately.

Palm Beach County H. D. Members Celebrate Extension's 50th Anniv.

Thousands now participate in the Palm Beach County Home Demonstration Program. This program is designed to bring families the knowledge, experience and understanding that will enable them to adjust to their ever-changing world at ever-rising levels of living. The program recognizes that the home is the most important factor in our society in determining not only physical health but

also spiritual and mental health. As the home builds stronger families, it also helps build more stable citizens, communities and nations. During the month of May, H. D. Clubs throughout the County will celebrate the 50th Anniversary of the Extension Service in Florida.

Examples of modern programming in the H. D. Clubs of this County are such fields as family finances, marketing, con-

sumer education, nutrition, and many more.

Miss Mary Todd, Palm Beach County Home Demonstration Agent, says Home Demonstration Work could not function so well in this County without the dedication of hundreds of volunteer leaders who help make the program so effective. These leaders are public-spirited women who not only bring science into their homes but also give gen-

erously of themselves to help their neighbors. We all owe them much.

Today there is an increased interest in the use of money and time. Many homemakers work away from home. Others have small children and are unable to get hired help. These women want to know how to use labor-saving devices, easily-cared-for clothing, modern foods, and cleaning aids to streamline their home duties so they can take proper care of their families.

Women are also interested in learning the basic cooking skills. They want to know about foods essential for good health and how to cook vegetables. There has also been an increased interest in home construction of clothing. Women are interested in the use and care of new materials, names and descriptions of fabrics, selection of patterns and materials, and colors that are becoming to each individual.

As Palm Beach County gains new population each day, Miss Todd says Home Demonstration Work must extend its reach in furnishing useful information to the people who need and want it, when they need it and in a form they can understand and use.

Originally conceived as a service to rural families, Home Demonstration Work in Palm Beach County today reaches more urban than rural families. Palm Beach County's rapidly increasing population, especially in urban and suburban areas, has brought a large demand for specific skills and information. The Home Demonstration program is handling these numerous and varied requests by wider use of press, radio, television, exhibits, leader training and special interest groups.

Miss Todd says all interested homemakers are invited to attend the special interest workshops and demonstrations conducted often at the Mounts Agricultural Center, Miss June Stray and Miss Mary Lou Shaver, Adult Home Demonstration Agents, assist with these programs and in training H. D. Leaders.

County Council officers, County Chairmen and others who assist with the county-wide program include: Mrs. Joseph Kinel, President; Mrs. M. C. Carter, 1st Vice President; Mrs. June Hathcock, 2nd Vice President; Mrs. C. L. Dickerson, Secretary; Mrs. Harold Nelson, Associate Secretary; Mrs. B. G. Hornsby, Treasurer; Mrs. Don York, Parliamentarian; Mrs. Ed Schmidt, Mrs. W. S. Schrader, Mrs. Robert Husky, and Mrs. O. A. Cozzani, Publicity; Mrs. Ernest Knight, Home Improvement; Mrs. Celia Eveleigh, Food and Nutrition; Mrs. James Pason, Textiles; Mrs. Frank Parker, Membership and Mrs. W. R. Simrell, Fair; Mrs. Emile Wassner, 4-H; Mrs. Roberta Chenoweth, Clothing and the H. D. Club Presidents.

UNCLE DAN from DOOLIE says:

Dear Mister Editor:

The session at the country store Saturday night wasn't quite up to our usual high standards on account of Ed Doolittle was absent. Ed has been in poor health now for a couple weeks. First off, he came down with a virus the morning his old lady started the annual Spring cleaning. He got over this ailment about the same day his old lady finished up the job and when she took to painting the kitchen and front porch Ed had a small relapse and was suffering from indigestion, which is liable to keep up for the duration of the painting.

Bug Hookum was lamenting that indigestion was getting to be more of a problem ever day on account of people didn't eat right. Bug allowed as how in the old days a feller et all his meat, then he et all his pertaters, then he et all his vegetables, then he drunk his coffee and went to the fields. Now-a-days, claims Bug, everybody eats by taking a dab of this and a dab of that and it's mighty hard on the mixing machine in the stomach. Bug is a authority. Mister Editor, on matters of health and medicine.

The main reason things was a little off when Ed can't git to the Saturday night sessions on account of Ed is the mighty feller in the community that has got a dictionary and most of the time he fetches it along in case matters comes up calling fer

words the one-gallus boy can understand.

Saturday night, fer instant, Glen Webster had a item he clipped from the papers where Congressman Scott was claiming the foreign aid folks had throwed \$9 million down the drain fer highways in Turkey and Iran that ain't never been built. This project was supposed to be carried out between 1957 and 1962 and up to now they ain't done nothing but grade a few roads that don't go no place. The foreign aid folks claims it ain't so, and according to this clipping, the "project is broadly pragmatic and successful."

None of the fellers at the country store Saturday night could recollect that they was ever on a highway that was "broadly pragmatic" and without Ed and his dictionary, we was in deep water.

Zeke Grubb figured if them roads was "broadly" they was plenty wide, maybe wide enough fer six-lane traffic. Some of the fellers thought if they was practicing maybe they didn't have no curves or maybe the curves was banked real good like a race track.

You can see, Mister Editor, how the fellers was in a bad fix without Ed and his dictionary. It's gitting so a one-gallus feller can't understand nothing out of Washington no more without a dictionary or incyclopedia.

Yours truly,
Uncle Dan

US Sugar Gives Service Awards

The United States Sugar Corporation, with headquarters in Clewiston, boasts of one of the finest records of employment of any industrial concern in the state. This fact was emphasized recently when service emblems were presented to employees having unbroken records of five or more years service with the company.

Some 135 employees received the service pins at the close of the 1963-64 harvest and grinding season. A total of 15 of the 135 had served U. S. Sugar between 25 and 40 years. Total service of all employees honored reached 1,870 years of unbroken employment.

The ceremonies followed a grinding season of some 146 days when 1,899,401 net tons of sugar cane were ground into raw sugar. Over 10 thousand gallons of molasses was extracted from the cane. The 44,428 acres of cane produced by the company and the 8,417 acres of cane supplied by

Independent growers showed a marked gain over production from the previous season of 1962-63.

Additional gains are expected next year when some 65,000 acres of sugar cane will be planted.

The Drama Department would appreciate any donations of costumes, modern or period and props, which could range from tea cups to zebra skin rugs. For Donation contact Mr. Peter Sargent.

New Comer's Note

By Vauto

When you were a student you probably passed notes; everyone has. It goes something like this: boy meets girl, boy writes note, girl tears up note.

It seems there was a very unusual occurrence last week. One of the girls failed to tear up the note, thus giving this writer background material.

To set the scene the girl is new and the boy wants to show her the town. The note goes something like this:

Boy: "I would have given you a free guided tour of our great city and its main attractions, but I didn't know where you lived or your phone number."

Girl: "I've seen all the great attractions except the lake, and I don't care if I never find out where it is!"

Boy: "It's not so bad in the day time. You can go swimming and skiing. Just because it's like maulhaven drive at night doesn't mean it's bad in the day time. I go fishing and skiing all the time. But there are other things I'll bet you haven't seen. Seriously, our town is great and all we have."

Girl: Sure it's great. Ever lived anywhere else?

Boy: Sure, I lived in Birmingham, Alabama, in the summer for two weeks, and I go to Lake Worth or Palm Beach on the weekend when I am here. I am always glad to get back to good old Belle Glade. When we win a football game or lose, I am always glad to yell hurrah for Belle Glade.

Girl: How touching!

Boy: Are you for real? No emotions, huh? Aren't you for your home town? Maybe you enjoy it later and be a part of it. And don't say a part of what. Our town of course.

Girl: I'm not planning to be here long enough to be a part! This is not the last note that the classrooms of B. G. H. S. will see. There are many hundreds of notes written during the school year. Maybe this is due to the fact that there is only one other form of communication, TALKING!

Since talking doesn't go over too well with the teacher, the notes seem to be better. Although the teacher sometimes manages to intercept a note or two, they (notes) prove to be interesting when found on the floor (if one can figure out whom or what the notes are written about).

When note writing remember: Notes are a permanent record of many eminent relationships!

Attention Seniors

Seniors, this is the last six weeks of the high school year 1963-1964. It could mean the difference between graduating this year or next year to some students. This marking period is also the yearbook is to be signed, the class trip is to be prepared for, invitations to be sent, and baccalaureate and graduation exercises to be practiced. There will also be parties to attend and pictures to be taken in caps and gowns.

Before one realizes it, he will be up on the stage eagerly waiting to hear his name announced. He will walk to Mr. Morris, shake his hand, receive his diploma, and with shaky knees descend the steps to face the world on his own.

Years from now he will look back on your senior year and say with sincerity, "I did my best."

Juniors Receive Class Rings!

The Class of 1965 has at last received the symbol of their authority. Last week the Junior Class got their class rings and have been proudly displaying them for anyone to see. Some of the students are even worse than young girls who have just become engaged!

The style of the ring is the same as it always has been with the crest of B. G. H. S. on the top and the year on each side of the upper piece. The ring could be obtained in a variety of ways: gold, silver, band with a stone of blue, black or red. Some of the rings have no stone, but are solid. Each ring has the students' initials engraved on the inside.

The rings were ordered in February from the Herff Jones Company and Mr. Hayes, Junior sponsor, directed the ordering of them.

Students Finish Registration

Registration involving the eighth through the eleventh grades began Monday, April 27.

In addition to the other courses offered, three new courses are available: Humanities, Physical Sciences, and Enrichment. Humanities is to be basically a combination study of literature, art, music, and philosophy. Physical Science is to be a combination of the sciences already available, although it will be a step below Chemistry and Physics. Enrichment will be a non-credit course designed to improve the individual student. This course will be available specifically to Freshmen only.

A few other minor changes will also take place next year in the class linearity. There will no longer be a study hall period. Each student must, therefore, carry a full six-class schedule. Also, Drivers Ed. and Physical Ed. classes are to be combined. One credit awarded will come from the Phys. Ed. portion.

Although there will be several changes, the requirement for graduation is still a total of 20 credits. These 20 credits must include 3 credits in Language Arts and 2 in Social Studies. One credit is also required in all the following courses: Math, Phys. Ed., Science and Physical Science.

Sports

Belle Glade scored 24 points in the Field Meet Friday night at Lockhart Stadium, and tied for fifth place against fifteen other schools.

The scores of that meet were as follows:

High Jump — Roman 2nd, McWhorter 4th.

Discus — Fuller 3rd.

Broad Jump — Buckner 2nd, 100 yard dash — Causey 3rd.

800 Meter — Brown, Henderson, Causey, Buckner.

320 — Causey.

Sprint Medley — 5th, Wilkinson, Kruse, Henderson, Buckner.

Those boys who qualified to go to the State Track Meet are John Causey, Wayne Roman, and Eddie Buckner.

Shown here are Mrs. Hill and Mr. Thornton as they received their yearbooks in the dedication ceremony. Misses Gwen and Karen Gove, and Mrs. Saunders Chambliss received copies of the 64th Rambler which was in memory of their mother, Mrs. Genevieve Brown Gove. Making the presentations are Margie Townsend, Patsy Dooley, and Mickey McKee, editors of the annual.

Rain, Rain Go Away!!

The band left last Thursday for the state band contest and a very rainy weekend in Tampa. Leaving at 12:15 from the Belle Glade high school band room, the 78 students and 8 chaperones arrived at the Thomas Jefferson Hotel in downtown Tampa at 4:30. Thursday night was free time for the students; most of them spent a few hours at the movies.

Early on Friday morning the band participated in the concert and sight reading contests held at the University of South Florida. The rain was coming down in buckets while the students dashed from building to building. Our soggy band students rated Excellent in concert and made the only Superior in Palm Beach county in the sight reading contest. The marching contest was cancelled because of the rain — which was everywhere.

The majorette corps also rated a Superior. This is another first for the majorettes of B. G. H. S. It is the first time the Majorettes have ever participated in state contest.

The tired, but happy, band students returned home early Saturday afternoon, very proud of their accomplishments.

Now Is The Time

During the past two weeks most students have been very busy signing annuals. One of the phrases written most often by seniors to underclassmen is "Make the best of your last year because they are over before you know it."

Many of the seniors are just realizing how much time they've wasted that might have been used to better advantage. For some of them their golden opportunity may have passed them by, though it still may not be too late to do something about it. But for the underclassmen the time is now to realize that it is important for one to do his best every year if he will be able to feel that his high school years have been put to good use.

The Senior year is a year of accomplishment, or rather a tying together of all the accomplishments of the high school year. They are combined and realized at graduation and will have more than a slight effect on one's life as he enters college, a job, and the adult world for the first time.

Underclassmen, take the time now to evaluate yourself in terms of what you hope to gain from school and what you want to remember in your senior year. Will it be a "lot of fun" or will you have developed yourself in areas of scholarship, citizenship, and friendship? It's up to you.

Why Belle Glade is so dull on the weekends?

Why Charlie T. likes to pester people?

Why they call Nancy N. "Honey"?

What Mr. Hayes's middle name is?

Why Susan W. loves Colorado?

Why Sharon A. is called "Frosty"?

Why John B. E. dresses so sloppily after lunch?

Why people read this article?

What's so tough about today's National Guard?

(Getting into it, for one thing!)

Today, the job the National Guard has to do is tougher than ever. And there's more at stake, too. That's why anyone who wants to get into the Guard has to meet more physical and mental standards. You see, we can't afford to carry anyone who can't carry his own weight. These men don't have it, won't qualify. So, if you think the Guard is for you, why not see if you're for the Guard. Write below, or visit local Army.

Our D. C. T. students of the week are Dinah Sides and Len Rodgers. Dinah is the only junior in our program this year. Usually, only seniors are permitted to take D. C. T. because it is so hard for a student to work full-time required subjects and take D. C. T. two years. Only two academic subjects can be taken besides D. C. T. each year.

About the middle of the year, Dinah came to Belle Glade High School from Wetumpka, Alabama where she was taking this program. Mr. and Mrs. Lamar Hilder, who are her guardians, live at 31 S. E. Avenue M, Belle Glade.

Dinah is employed by Kwik Check in Belle Glade as a cashier under the guidance of Mr. W. O. Prescott. Her work here is enjoyed very much.

Mr. Lee Rodgers, our second student of the week is employed by Royal's Department Store as a sales trainee.

Lee, 18 years of age, is the son of Rev. and Mrs. Robert Rodgers of Belle Glade.

Several things interest Lee at the present, as for a future occupation is concerned. But nothing is definite.
